**Session 1**
9:00-9:45
Invited speaker: Hsuan Chih Chen (Psychology, Chinese University of Hong Kong)
*Lexical processing in Chinese*

9:45-10:15
Shravan Vasishth (Linguistics, University of Potsdam)
*A Bayesian meta-analysis of studies on Chinese relative clause processing*

**Break** 10:15-10:30

**Session 2**
10:30-11:15
Invited speaker: Chung-hye Han (Linguistics, Simon Fraser University)
*The time course of long-distance anaphor processing in Korean*

11:15-12:00
Invited speaker: Brian Dillon (Linguistics, Umass-Amherst)
*Locality and anti-locality effects in the comprehension of long distance anaphors*

**12:00-2:30 Lunch/Poster session**

**Session 3**
2:30-3:15
Invited speaker: Suiping Wang (Psychology, South China Normal University)
*Semantic Processing during Preview: evidence from Chinese*

3:15-3:45
Wing-Yee Chow (Basque Center on Cognition, Brain and Language)
Nan Li, Suiping Wang (Psychology, South China Normal University)
Colin Phillips (Linguistics, University of Maryland)
*Are our eyes really faster than our brains? Evidence from Mandarin Chinese reading*

**Break** 3:45-4:00

**Session 4**
4:00-4:45
Invited speaker: Amy Schafer (Linguistics, University of Hawaii)

4:45-5:15
Masaya Yoshida (Northwestern University)
Suwon Yoon (University of Texas at Arlington)
*When are Clause-Final Verbs Facilitated in Korean?*
7:00PM Dinner

******************************************************************************

Poster session (12:00-2:30):

Chien-Jer Charles Lin, Lena Jaeger
*Reading resultative verb compounds in Chinese sentences: An eye-tracking study*

Michael Frazier; Masaya Yoshida
*Argument-structure driven parsing in Tagalog*

Sun-Young Lee; Haegwon Jeong; Yunju Nam
*ERPs evidence for syntactic representation of case markers in Korean: Data from a picture-sentence verification task*

Seth Wiener, Marie-Catherine de Marneffe
*Top-down lexical tone processing in Mandarin Chinese*

Chia-Ying Chu; Utako Minai
*Comprehension of Demonstrative Phrases in Mandarin Chinese*

Myeong Hyeon Kim, Eunah Kim, Silvina Montrul, James Hye-Suk Yoon
*On and off-line binding interpretations of multiple reflexives by heritage Korean speakers*

Li-Hsin Ning; Kiel Christianson; Chien-Jer Charles Lin
*Eye-tracking evidence for the role of linear distance and structural distance in processing resumptives in Mandarin relative clauses*

Hui-wen Cheng
*Semantic processing in reading Chinese and English: A study of single-word and sentence-based priming*

Lena Jager; Zhong Chen; Shravan Vasishth
*The subject-relative advantage in Chinese: Evidence for expectation-based processing*

Sanako Mitsugi
*An animacy-based analysis of the processing of Japanese relative clauses*
